

bluesky SME “Office in a box” program

Designed for business people who simply don't want hassle

The **SME Plus** program allows both growing and established businesses (10-75 staff) the ability to leverage technology whilst preserving capital and reducing technology obsolescence.

Technology as a service with a predictable monthly rate

For small and medium businesses, which typically have a limited IT budget, technology obsolescence is a challenge. **bluesky SME** solves this problem by offering the latest in hardware and software solutions for a low fixed monthly rate.

Flexibility

You can have technology when you need it, and for as long as you need it!
